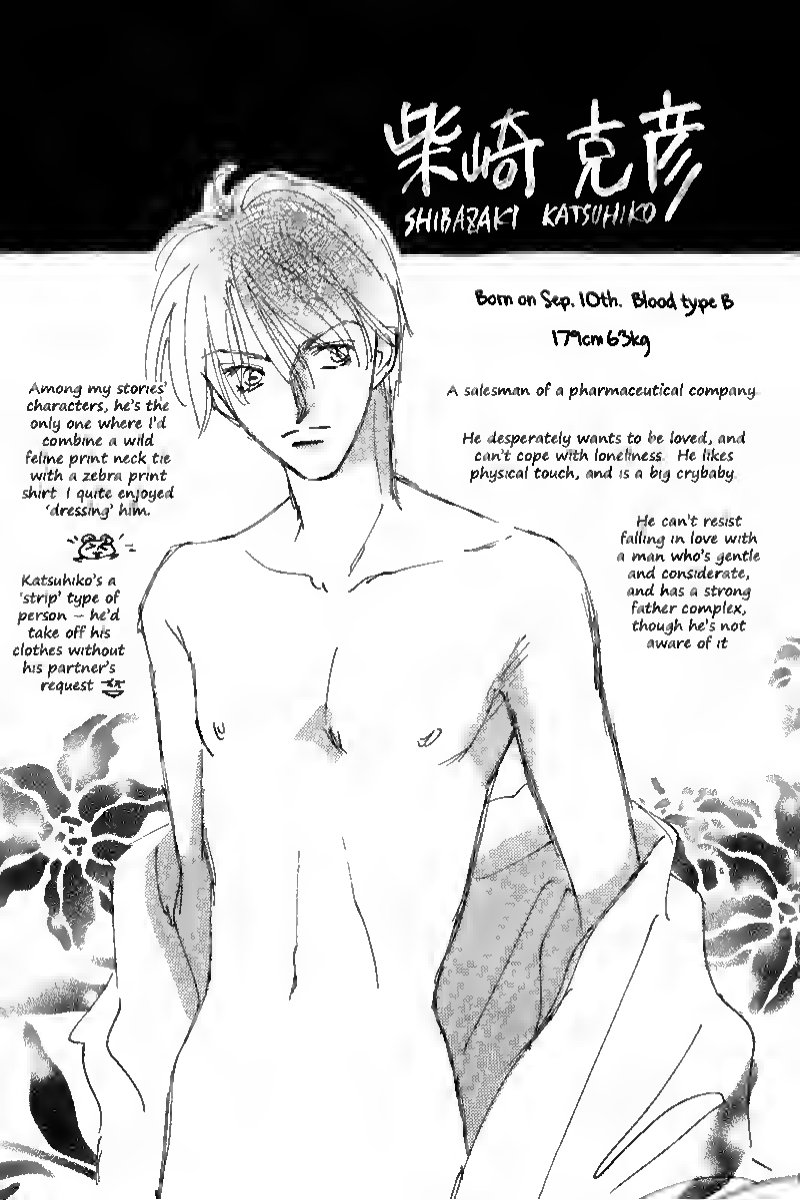
I've always believed that sex was just for physical happiness only
But
DO YOU LOVE ME?
YES I LOVE YOU
He's taught me that it's something else

Helping me realize that's a way
for a couple. to showing their
love to each other
Real Love

柴崎克彦
SHIBASAKI KATSUHIKO



Born on Sep. 10th. Blood type B
177cm 63kg
A salesman of a pharmaceutical company
He desperately wants to be loved, and can't cope with loneliness. He likes physical touch, and is a big crybaby
He can't resist falling in love with a man who's gentle and considerate, and has a strong father complex, though he's not aware of it
Among my stories' characters, he's the only one where I'd combine a wild feline print neck tie with a zebra print shirt. I quite enjoyed 'dressing' him.
Katsuhiko's a 'strip' type of person — he'd take off his clothes without his partner's request

This man-----
Takatsuki Youji (37),
Is a University Lecturer in
Japanese Literature

I CAN'T HELP IT

IT S THE BUSIEST TIME IN THE UNIVERSITY

As long as I can remember
I've never spent a night alone before...
